

Culture of Equity Assessment

When you partner with The Alford Group to assess progress in creating a diverse, equitable and inclusive organization, we assist you in understanding where you are today and identifying steps that will ensure you move forward. The Alford Group's proprietary self-assessment tool delivers a comprehensive scan combining internal perceptions and factual metrics. You receive a detailed report of the findings along with multiple recommendations for next steps.

Methodology

Why Hire The Alford Group?

Experience

Our consultants have assisted nonprofit organizations across the nation of every size and in every sector, from human services and the arts to conservation and education.

Equity-Forward

As a woman- and minority-owned firm, The Alford Group has worked to advance diversity, equity and inclusion (DEI) since its founding in 1979.

Creativity

Together with staff leadership and key volunteers, we foster generative discussions to discover the most relevant pathway to advance DEI within your unique organization.

Vision

The Alford Group assists you in identifying achievable objectives that align with your organization's overall mission and vision. We work with you to create accountability that delivers results.

Capacity Building

Our consultants introduce DEI strategies that build your long-term capacity, broaden your volunteer base and enhance philanthropic success.
